IQAC organized

### **Principal's Address**

Satara, (09/09): The students of the First year always need proper guidance when they come to the college. They are very eager to know about the college, facilities and teachers. They have lot of queries, questions in their minds which must be solved for their academic and overall development. Taking this need into consideration IQAC organizes every year the Principal's Address and Induction Programme for the new-comers. On 9<sup>th</sup> September 2020, Principal has given the address to all new comers. In his address he explained all rules and regulations framed by university and college for the students. He informed them about all physical and technical facilities availed by college for their all round growth. He explained the significance of academic assessment of college, role of IQAC and teachers' role in academic development.

College runs various skill development courses for the students. Principal explained the significance of these short term courses and explained them importance of goal setting for their career. He spoke on innovative teaching, learning methods and need of ICT in it. Emphasizing the skill oriented education; he motivated the students to participate actively in skill oriented programmes. With question-answer method he took information from students about their interests, skills and requirements and assured them to provide each type of help whenever they need for academic and overall development. IQAC co-ordinator Dr. Jayashri Aphale introduced the objectives behind the principal's address and informed students about IQAC and NAAC
