He said that just as exercise is necessary for the body, reading is also important for the brain. Abdul Kalam was just a scientist; he has done great literary and ideological writing and research. His writings have reached the society in the form of various books. A poster was published to reach out to the students who also wrote excellent poetry. It was inaugurated by the Hon'ble Principal. In COVID-19 situation the student cannot come to college. However, the library is working to reach them with the help of online resources. The journey of media towards digital media is on. College library could set up 'Savitri Vachan Vichar Manch', an informal platform where students can gather and discuss books, writers and literary works. College has could gift books to the guests and students on special occasions and functions, instead of presenting them with bouquets or other things. There is an old saying, "The pen is mightier than the sword. "For that

we need to read a research to build on the good ideas and expose the ideas. Reading is important because it develops the mind, discover new things, and it develops the imagination of person. Reading develops the creative side of people and develops a good self-image. The event has surely helped all the participants to encourage and motivate them for reading technical as well as non-technical books. In addition to this, the event has enabled the students to boost up their knowledge apart from curriculum.

The last line, a thought provocative statement 'Vaachal tar Vachal' gave a gist of the event.
